

Path Recharge – Wayside Amenities

As the quality of highways continues to improve, accompanied by a surge in highway travel, enhancing the overall highway traveling experience for road users becomes increasingly essential. A pioneering concept: rest areas equipped with essential facilities strategically located along major National Highways and Expressways. These amenities aim to offer highway travelers a revitalizing break during their journey.

About us..

We are building a next-generation roadside infrastructure ecosystem that helps travelers, commercial drivers, and logistics operators access reliable charging stations, sanitation facilities, fuel points, food stops, and emergency services — all mapped and accessible through a single digital platform.

As the quality of highways continues to improve, accompanied by a surge in highway travel, enhancing the overall highway traveling experience for road users becomes increasingly essential. A pioneering concept: rest areas equipped with essential facilities strategically located along major National Highways and Expressways. These amenities aim to offer highway travelers a revitalizing break during their journey.

Our Solutions..

We provide integrated roadside solutions including fuel, EV charging, food, repair, sanitation, and rest areas — ensuring comfort, safety, and convenience for every traveler.

Fuel Pump Compact and reliable fuel pump providing quick roadside refueling for travelers and commercial vehicles.

Food Court

A small and clean food stop offering quick meals and refreshments for travelers along the roadside.

Children Play Area

A small and safe play space designed for kids to relax and enjoy during travel breaks.

Parking

A secure roadside parking area for cars and heavy vehicles to rest safely during travel.

Washroom

A small and hygienic roadside washroom facility ensuring comfort and cleanliness for travelers.

EV Stations Smart EV charging point offering convenient roadside charging for electric vehicles on the go.

Vehicle Repairing

A roadside service point providing quick vehicle repairs and maintenance for travelers.

Medical Room (First Aid)

A first aid facility offering medical support for emergencies during road travel.

Restrooms

A clean and accessible roadside restroom facility for travelers to freshen up during their journey.

Our Brand Partners..
